Self-taught, nine years in. I learn how a business actually works, then fix what slows it down and build what it's missing: systems, brands, websites and apps.

EXPERIENCE

Lotus International Company licus.com — Apr 2026 – Present

Business Development & Marketing Specialist

- **Brought in international OEMs** and took each deal from first contact through costing, quotes and proposals to **signed contracts worth millions** in repair and distribution programs.
- **Rebuilt the brand and licus.com** for a 31-year contract manufacturer, with two ways in, by capability and by industry, and a guided "Build a Program" inquiry that qualifies buyers before the first call.
- Organized **trade show exhibitions**; strategy, market research and competitive intelligence.
- Also the brand and website for **TrialAssure**, Lotus's sister company, and the **Shell RIDE** iPhone app.

DuMouchelles dumoart.com — Apr 2021 – Feb 2025

Technology & Marketing Manager

- **Led the rebrand and website rebuild:** 300% more bidder registrations and twice the web traffic.
- Product owner of LotMaker, the house's custom ERP: 15+ major features, including **AI-assisted cataloging** within months of ChatGPT's release.
- Designed and rolled out a **mobile barcode system**: picked the hardware and built the web app, replacing handwritten tracking and cutting 15-minute tasks to seconds.

Proactive Technology Management proactivemgmt.com — Jan 2017 – Apr 2021

IT Engineer → Team Lead

- Rose from mobile technician to **Team Lead of five**; primary technician for 25–30 organizations.
- Turned the Attorney Grievance Commission of Michigan from a dormant account into one of the firm's top clients.

The Peninsular Company thepeninsularcompany.com — Sep 2026 – Present

Founder

- **Six iOS apps live on the App Store,** including Heirloom, Daily Canvas and Fortjort.
- Brands, websites and marketing for local businesses, including Clark Basement Waterproofing and Hunt Sign Co.
